

KEEL COOLED GENERATORS BY:
NEXT GENERATION POWER ENGINEERING, INC.

KCM4-12.5 Shown

Commercial Duty 1,800 RPM KEEL Cooled Marine Gen-Sets

NEXT Generations KEEL cooled marine gen-sets are designed to be the most rugged commercial duty gen-sets on the market. Constructed of only the finest quality components these gen-sets will provide the longest life spans in the most rugged of environments. Some of the standard features this line includes are:

- Severe duty Kubota gen-set governed engine with a full 3 year warranty
- Epoxy coated generator windings
- Ceramic coated exhaust manifold
- Marine grade pre-tinned wiring harness
- Awlgrip paint protection
- Extensive list of heavy duty standard features

The Superior Choice

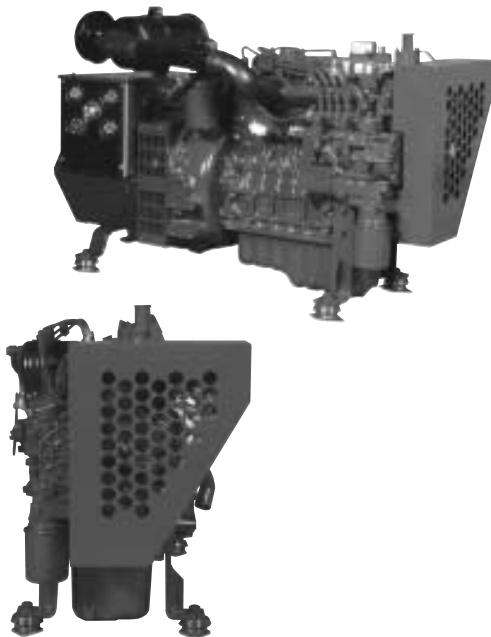

Features

- Kubota severe duty gen-set governed engine
- Newage brushless generator w/marine grade epoxy coated windings
- Vibration isolated voltage regulator
- 4 gauge unit mounted instrument panel
- Oil pressure & water temperature safety shutdown
- Military spec. vibration isolators
- Ceramic coated dry exhaust manifold (lowers manifold temp. over 100°)
- Self bleed fuel system w/electric priming pump
- Marine grade tinned wire throughout harness
- Awlgrip 545 primer base, covered with 2 coats of Awlgrip Royal Blue
- Industrial grade air cleaner/intake silencer (Mounted or Remote)
- Spin on Oil and Fuel filters
- 12V Starter and Alternator
- "Easy Drain" oil change system
- Belt Guard

Specifications

Model #	# of Cyl.	Power Kw	Engine Model	Length	Width	Height	Weight (lbs.)
KCM3-5.0	3	5.0	D-722	34"	18"	21"	375 lbs.
KCM3-7.0	3	7.0	D-905BG	34"	15.5"	24"	460 lbs.
